## **Budget Guide**

A budget serves many purposes. In addition to its inherent value as a resource and spending plan for the City, it informs the public about the City's financial Strategies and Provides the documentation needed for other financial-related matters such as audits, loans, and grants.

The goal of the City's annual budget is to provide a plan that allocates resources to meet the needs and desires of Hanford residents. The budget is one way in which the City Council and City staff responds to the community's needs. It balances City revenues and costs with community priorities and requirements. The City's fiscal year is July 1st to June 30th.

In preparing the FY2012-2013 annual budget, City staff reviewed prior fiscal years and estimated the expenditures and revenues anticipated for the next year. As part of this review, City Council directed staff to review and analyze all functions to determine the appropriate service levels and staffing needs.

As a result, this annual budget incorporates revenues and expenditures that are expected to be incurred during FY2012-2013.

# Budget Strategies & Policies

The City of Hanford has developed broad policy direction through the development of budget strategies that establish long-term policy guidance for conducting the City's financial activities. The City Council has established these policies to meet the following strategic objectives:

## *Budget Strategies*

**Strategic Focus** - The City's financial management should be strategic, reflecting the Council's and the community's priorities for service while providing resources that realistically fund routine operations.

**Fiscal control and accountability** - The City's financial activities should be fiscally sound and accountable to the City Council through the City Manager.

**Clarity** - The City's financial planning and reporting should be clear and easy to understand so that all participants, the Council, the community, and staff can productively participate in making good decisions.

**Long-term Planning** - The City's financial planning should emphasize multi-year horizons to promote long-term planning of resource uses.

**Flexible and cost effective responses** - The City's financial management practices should encourage a mission-driven organization that responds quickly and straightforwardly to community demands. The City's management should flexibly respond to opportunities for better service, should proactively manage revenues, and should cost-effectively manage ongoing operating costs.

In addition, the City Council has adopted policy parameters for the City's fiscal management. Following is a summary of those policies.

## *Fiscal Policies*

**Financial Activity Reporting** - The City's financial activity will be reported in a variety of funds, which are the basic accounting and reporting entities in governmental accounting. The City's accounting structure will make it possible:

To present fairly and with full disclosure the financial position and results of financial operations of the funds of the City in conformity and generally accepted accounting principles, and

To determine and demonstrate compliance with finance-related legal and contractual provisions.

**Management Responsibility** - The City Manager shall provide the City Council with a mid-year review of financial activities in February of each year. The review will compare annual budget projections with actual results.

**Reserves** - The City will maintain reserve funds to:

Stabilize the City's fiscal base for anticipated fluctuations in revenues and expenditures;

Provide for nonrecurring, unanticipated expenditures; and

Provide for innovative opportunities for the betterment of the community.

The following reserves and special funds have been established:

**Contingency Reserve** - The purpose of this reserve is to be prepared for possible future revenue reductions and to generate interest income.

**Replacement Funds** - The purpose of these funds are to provide sufficient funds for the anticipated replacement of capital equipment.

# Budget Strategies & Policies

## Annual Budget and Financial Plan

The City Manager will present an annual budget and financial plan and periodic financial information to the City Council, setting forth the following information:

Actual revenues, expenditures, reserve balances, and fund balances for the prior fiscal year; Estimated revenues, expenditures, reserve balances, and fund balances for the current fiscal year;

Projected revenues, expenditures, reserve balances, and fund balances for the next fiscal year;

Articulated priorities and service levels to be achieved by the organization over the next year; Capital Improvement Program for the next five years.

## Appropriation Control

Appropriation of fiscal resources is the responsibility of the City Council and the City Manager.

Appropriations requiring Council action are:

Appropriation of reserves, except replacement reserves;

Transfers between funds;

Appropriations of any unassigned revenues - unassigned revenues are those revenues that are not associated with a particular business or service unit; and

Inter-fund loans.

Appropriations requiring City Manager action are:

Transfers within a division;

Appropriation of unbudgeted assigned revenues - assigned revenues support a specific business or service unit and allow expansion or contraction of that unit in response to demand as manifested by receipt of assigned revenues; and

Appropriation of replacement reserves.

## Debt Management

The City Council maintains a Debt Management Policy. This policy addresses inter-funding borrowing, short-term borrowing, long-term borrowing, and debt issuance. The policy provides guidance for ensuring that financial resources are adequate to meet short-term and long-term service objectives and that financing undertaken by the City satisfies certain clear objectives which allow the City to protect its financial resources in order to meet its long-term capital needs.

## Investments

The City maintains an Investment Policy in conformance with California Government Code. The policy addresses the objectives of safety, liquidity, and yield with respect to the City's financial assets.

## Fees and Charges

The City Council will annually adopt a schedule of fees and charges. The fees and charges will be set to provide adequate resources for the cost of the program or service provided.

## Purchasing

The City will maintain a purchasing policy designed to support and enhance the delivery of governmental services while seeking to obtain the maximum value for each dollar expended.

Performance Measures

The City Manager will annually develop performance measures and assess how efficiently and effectively the functions, programs, and activities in each department are provided and for determining whether program goals are being met.

Funds of the City of Hanford

Governmental accounting systems are organized and operated on a fund basis. A fund is a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances. Funds are used to segregate the City's financial activities in categories that attain certain objectives in accordance with special regulations, restrictions, or limitations.

Basis of Accounting & Budgeting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are receivable. Grants and similar items are recognized as revenue as soon as all eligibility requirements are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

## City Council

The Hanford City Council consists of five members, elected by district to four-year overlapping terms. Council members must be residents of the city. The Mayor conducts the Council meetings and represents the City on ceremonial occasions.

The City Council serves as the policy board for the municipality. As an elected "Board of Directors", the City Council provides policy direction, establishes goals, and sets priorities for the City government. One integral tool the Council uses to set policy is this annual budget document that establishes the approved programs, projects and services. By establishing the annual budget, the City Council funds programs, implementing their priorities and focus. In addition to serving as the policy makers for the community, the City Council is responsible for numerous regional bodies and jurisdictions to ensure the perspective and priorities of the City of Hanford. The City Council is also responsible for numerous land use decisions within its borders, including the General Plan.

The City Council appoints the City Manager, City Attorney, and all members of advisory boards and commissions. Boards and commissions are advisory to the City Council with the exception of the Planning Commission which has officially been delegated some decision parameters. While seeking input, the City Council retains ultimate authority and responsibility for setting public policy.

## **City Manager/ City Clerk**

City Manager/City Clerk Division is responsible for providing information and recommendations to the Council, implementing council policies, and guiding the day-to-day management of the City. The City Manager provides direct supervision to all of the City Department Heads, except its City Attorney, a separate council appointed official.

The City Clerk serves as the liaison between the public and the City Council and is the local official for elections, the Public Records Act, the Political Reform Act and the Brown Act. The City Clerk ensures that all City Council actions are properly executed, recorded and archived. As the local elections official, the City Clerk assists candidates in meeting their legal responsibilities before, during and after an election. The City Clerk is also responsible for the preservation and protection of the public record. By statute, the clerk is required to maintain and index the Minutes, Ordinances and Resolutions adopted by the legislative body. The City Clerk ensures that other municipal records are readily accessible to the public.

## Personnel

Personnel Division provides comprehensive personnel services, employee relations and risk management programs. This includes management of recruitment activities, employee benefit administration, personnel records, contract negotiations, classification and compensation, training, workers compensation, safety and liability programs.

The Personnel department works closely with supervisors and managers on employee or organizational issues. The division is responsible for monitoring and implementing policies and procedures affecting personnel and manages all recruitment, hiring, and appropriate training functions in order to support and maintain a talented workforce. The Division is also responsible for risk management services which seeks to maintain a safe and fair environment for employees and the community and to ensure that City assets are protected from loss, theft, and misuse. This division coordinates treatment for employee injuries and provides support to the employee with the mission of assisting with a healthy recovery. This division also manages all liability claims and contract management for the city.

## Finance- Accounting

Finance Division provides financial services for all city departments. Department operations include general accounting services, financial planning and reporting, administering debt service obligations, investments, payroll, accounts payable and receivable, and business tax. General accounting services include maintaining the general ledger system, chart of accounts, preparing daily cash deposits, reconciling bank statements, and maintaining historical records of the City's financial performance.

Financial planning and reporting includes the coordination and preparation of annual budgets; annual and special audits; State Controller's Reports; issuing mid-year financial reports; preparing the cost allocation plan; calculating the annual appropriation limit; and maintaining the financial information system.

The City's investment portfolio is managed in accordance with adopted policies and interest is allocated in accordance with generally accepted accounting principles.

Payroll is processed bi-weekly and quarterly reports are filed with taxing authorities and regulatory agencies. Staff coordinates employee benefit coverage and reporting with the Personnel Department.

Additionally, interdepartmental services such as the main phone line, mail distribution, and bid openings are handled by the department.

## Finance- Utility Billing

Utility Billing Division is responsible for providing courteous and efficient utility billing services to City water, sewer, and refuse customers. The department issues monthly utility bills, administers the meter reading system, and coordinates customer service orders (service stops, starts, and questions).

The City has converted from a manual meter reading system to an automated reading system. Using the automated reading system, staff has the ability to provide more efficient service to customers by having the ability to collect meter data remotely without having to physically visit and manually read the water meter. The water meters are read automatically by way of radio signals. While the City will still need access to the metering equipment for maintenance on a periodic basis, the remote meter reading technology provides many benefits to both the customer and the City, such as convenience, accurate and consistent meter reads, leak detection, and enhanced customer service.

The City currently has approximately 15,500 utility customers.

## **City Attorney**

The City Attorney's office provides legal advice and services to the City Council and City staff. A review of legal issues ensures that recommendations, policies and administrative procedures are undertaken after consideration of sound professional advice. At Council direction, the City Attorney's office may also provide for appropriate representation for the City in all legal proceedings.

General legal services are provided through a contract with the law firm of Griswold Lasalle Cobb Dowd & Ginn LLP. There is one designated City Attorney, but other lawyers at the firm are available for additional expertise and assistance as needed. Additional legal fees (\$114,508) from legal firms other than Griswold, LaSalle, Cobb, Dowd & Gin LLP for fiscal year 2009-10 are included as direct charges to operating departments other than the City Attorney budget.

## Information Technology

Information Technology Division encompasses the City's computer technology and telecommunications systems and is allocated through this internal service fund. The Division provides a vision for future technology needs and assistance, enhancing business and daily operations and oversees the procurement of new equipment.

This Division maintains the City's network and infrastructure, including Public Safety and works with departments in their specific software needs. Additionally, this Division provides technical training to employees to ensure equipment and software are used in the most efficient manner.

The Division is also responsible for overseeing the City's web presence.

## Planning

Planning Division administers the General Plan in accordance with local policies, ordinances, and state laws to ensure orderly community growth. The Planning Division is responsible for processing development proposals, maintaining the General Plan, the Hanford Zoning Ordinance, Historic Preservation, and annexations. Planning operations are overseen by the Community Development Director.

The Planning Division currently has one Senior Planner, as well as the Director, to carry out the Planning duties. The division prepares a number of studies and reports during the year to assist in planning throughout the City. The Planning Division also provides technical and administrative support to the Planning Commission, and the City Council. The Planning Division is a general fund account and is funded by fees collected from applications submitted for various projects within the city.

## Building Inspection

Building Division issues building permits for construction and repair projects within the city. The division performs plan reviews on all projects prior to construction to verify compliance with the current adopted building codes, state laws, Hanford Municipal Code, and other pertinent codes and laws. The division also performs field inspections of these projects, during construction, to verify compliance with the approved construction drawings, building codes, state laws, Hanford Municipal Code, and other pertinent codes and laws. Also, within the Building Division is the Code Compliance Section. Code Compliance enforces the Hanford Municipal Code, and applicable building codes, state housing laws and other pertinent codes and laws applying to existing buildings and structures. Code Compliance is currently about 90 percent complaint based. Complaints are prioritized when received, and inspections performed to verify the complaint and gain compliance, if required. Both the Building Division and Code Compliance Section ensure that all new and existing buildings and structures comply with national, state, and local building, and health and safety codes to safeguard life, health, and property of the residents and public that use the built environment we live in.

## City of Hanford Public Housing Authority

The Housing Authority is a newly created entity whose revenues are received from administrative funds from Community Development Block Grant (CDBG), Home Investment Partnership Program (HOME), and other grant funds. The Authority consists of one Economic Development Manager and two Housing Specialists and is overseen by the Community Development Director.

The functions of the Housing Authority are to enhance the viability of the community by increasing, improving and preserving the supply of decent affordable housing, to manage the City's Business and Housing Loan Portfolio, to revitalize neighborhoods, expand economic opportunities, and improve facilities and services principally for very low to moderate income families. The Authority also facilitates a successful business environment in the City in order to grow and retain the existing business base and attract new businesses and industries. These tasks help remove barriers to growth, provide accountability for taxpayer dollars, and ensure results for programs aimed at making a difference in people's lives. The Economic Development Manager will serve as staff to the Successor Agency to the Community Redevelopment Agency of the City of Hanford, will manage the activities to finalize the dissolution of the Redevelopment Agency, and process City-owned property leases as required.

The Housing Authority is responsible for the administration, coordination, monitoring, and implementing grants in accordance with State and Federal regulations. Funding requests may utilize Community Development Block Grant (CDBG), HOME funds, and various Federal or State grants that may be awarded from time to time.

## **Central Parking and Improvement**

Central Parking and Improvement District serves to provide convenient, aesthetically pleasing parking facilities and promote retail trade activities within the boundaries of the Central Parking and Improvement District through a contract with Main Street Hanford.

Staff manages a partnership with Main Street Hanford through a contract to promote economic development in downtown Hanford.

Revenue is received through Business License Taxes, Improvement Assessment, and Interest Income.

## **CDBG Entitlement**

Community Development Block Grant (CDBG) Entitlement Program-- The City of Hanford is a CDBG Entitlement jurisdiction, which means it gets annual funding directly from HUD. Funds are to be used to develop a viable community by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons and/or areas.

The City of Hanford utilizes CDBG Entitlement funds to carry out a wide range of community development activities directed toward revitalizing neighborhoods, economic development, and providing improved community facilities and services. Programs and projects include ongoing Code Enforcement activities, park improvements and neighborhood paint programs.

Staff is responsible for all phases of program's implementation and must ensure that the programs are administered in accordance to the applicable federal regulations. Revenue is received through CDBG Entitlement Grant funds.

## **CalHOME Program**

CalHOME Program - The State of California, through the Cal Home Program provides funding to cities and counties for housing rehabilitation and first-time homebuyer activities. Utilizing Cal Home funds, staff implements the City's Home Sweet Home and Housing Rehabilitation programs, designed to provide affordable housing opportunities and preserve the City's existing housing stock. Through these programs, deferred loans are offered to qualifying very low to low-income households whose income is at or below 80% of Kings County Median Income.

Staff is responsible for all phases of the program's implementation and must ensure that the programs are administered in accordance to the applicable state regulations.

Revenue is not projected on a regular basis as the loan is deferred for 30-years. Revenue (payoff) is expected at the refinance, sale and/ or transfer of title or at the end of the loan term, whichever occurs first.

**Successor Agency  
To City of Hanford  
RDA**

The Successor Agency To The City of Hanford Redevelopment Agency was created pursuant to AB1X26 legislation that dissolved California Redevelopment Agencies. The City Council of the City of Hanford is the governing board of the Successor Agency. The activities of the Successor Agency are overseen and approved by a seven member oversight board. The Successor Agency is responsible for "winding down" the activities, disposing of assets, and paying off recognized debt of the former Redevelopment Agency.

Revenue to complete the required tasks may come from sale of assets and allocations from Kings County of formerly titled "Tax Increment Property Tax Revenue".

## Police- Support Services

Support Services Division oversees a variety of units and specialty assignments. These include The School Resource Officer Unit, the Police Explorers Program, the Kings County Narcotics Task Force, the Communications Unit, the Records Unit and the Investigative Unit. The Investigative Unit provides direct service to the public and support services to other divisions and units within the Police Department. The Investigative unit is called upon to investigate serious crimes within the community. These crimes cannot typically be handled by patrol officers due to the complexity or seriousness of the crime. The Detectives assigned to the Unit receive specialized training in the investigative techniques that these serious crimes entail. Some of the additional duties handled by the Investigative Unit are Concealed Weapon Permits, Taxi Cab Monitoring, specialized interviews of all molestation victims, computer crimes and all sex, arson and drug registrations.

The Support Services Division also oversees the evidence technician that is responsible for the cataloguing of all evidence coming and going from the police department.

## Police- Records

Records Unit performs a variety of duties that range from administrative and clerical, to assisting the general public at the front counter and on the telephone. Record keeping is the keystone for critical law enforcement responsibilities. The Records Unit is the keeper for all police reports that require photocopying, distributing and filing. This includes arrests, traffic accidents, incident, citation, subpoenas and other miscellaneous reports. Records personnel are responsible for preparing arrest and report packages for the District Attorney's Office and processing citations to the courts, as well as distributing other paperwork to various local and state agencies. Another important component of the Records Unit is the maintenance and security of police records. Records personnel must be aware of and apply the legal exemptions to the release of information to protect individual privacy, safety, reputation and on-going investigations. The intent of the exemptions is to protect law enforcement investigations, not to shield information from legitimate scrutiny. Records personnel are responsible for ensuring that police records are released according to law. The records unit generates revenue by collecting fees for incident reports, traffic collision reports, impound vehicles and billing for false alarm fees.

## Police- Communications

Communications Unit is responsible for monitoring all emergency and non-emergency telephone and wireless communication for the Hanford Police Department.

Police dispatchers monitor five computer screens, answer incoming 9-1-1 emergency calls, provide information and advice to citizens, provide current crime information to officers and enter calls for service into our CAD system. The dispatchers are responsible for prioritizing calls and workload, sending officers to calls, maintaining an accurate status on each on-duty officer, entering wanted or stolen vehicles, missing persons and guns into the nationwide database to provide information to other agencies, as well as documenting every call, every status change, and every request or entry that the police department receives.

The Hanford Police Dispatch center provides dispatch service to the Cities of Hanford and Lemoore. The City of Lemoore contracts with the City of Hanford for this service and we receive approximately \$400,000 annually from the City of Lemoore.

## Police- Operations

Operations Division is comprised of Patrol, Reserves, Gang Task Force, Gang Resistance Education and Awareness Training, Graffiti Abatement, Police Volunteers, the Central Valley Regional SWAT Team, Problem Oriented Policing Unit, and the Traffic Unit.

The backbone of the Hanford Police Department is the patrol force, whose primary function is to provide rapid response to emergency and non-emergency calls for service, traffic enforcement, reporting and documentation of crimes and unusual incidents, arrests of suspects, resolution of disputes, and random patrol of our residential and business communities.

Officers participate in community policing which is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem solving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.

## Police- Traffic Enforcement

Traffic Unit investigates traffic collisions, enforces the provisions of the California Vehicle Code and conducts DUI checkpoints.

In addition, the unit administers several grants from the Office of Traffic Safety (OTS) and conducts educational presentations for local school districts.

The Traffic Unit acts as a liaison to the public and patrol officers to address city-wide traffic issues through identification and analysis to develop effective response strategies with enforcement, education and engineering.

**Police-  
Narcotics  
Task Force**

Kings County Narcotics Task Force (KCNTF) is a multi agency organization comprised of law enforcement personnel from agencies within Kings County. It is supervised by a Special Agent from the California Department of Justice Bureau of Narcotic Enforcement.

KCNTF staff are responsible to respond to citizen complaints of drug sales, conduct complex investigations into person(s) illegally using and or selling controlled substances and provide information and training to citizen groups and law enforcement personnel.

Although not consistent, revenue sources consist of state and local grant monies as well as asset forfeiture seizures.

**Police-  
School  
Resource  
Officer**

School Resource Officer (SRO) Unit is responsible for the overall safety and security of the students and faculty of their respective assignments. They patrol the campus during school hours to serve as a deterrent to unlawful activity and have one on one interaction with the students.

Although the Resource Officer's primary function is to provide law enforcement services to the schools, they also provide a positive role model to the students. They are active in programs such as the Junior Police Academy, the Explorer Program and the Gang Resistance Education and Training Program.

The high school district funds fifty percent of the assigned officers regular salary and one hundred percent of overtime for school related functions.

The elementary school provides ninety thousand dollars toward the salary of the one officer assigned to the position.

## Police- Problem Oriented Policing

Problem Oriented Policing Unit is currently comprised of two sworn officers from the operations division. Their primary function is to address clusters of incidents which are similar in nature and develop solutions which are preventative in nature.

In keeping with the Community Oriented Policing Philosophy their primary objective is to involve the community, other public service agencies and the private sector in the reduction of crime or other related community concerns. Emphasis is placed on identifying problems, their root causes, developing custom made responses and subsequently re-evaluating their effectiveness.

Based on the nexus gangs and drugs have on crime, the unit also places considerable emphasis in working with the Kings County Gang and Narcotics Task Forces addressing issues having a direct impact on crime trends within the city.

## Fire-Administration/ Suppression

Suppression and Emergency Response Division provides essential core services to support all areas of the Department including the order and delivery of departmental operating supplies inventory and equipment and the management of the emergency service communications systems to ensure the safety of the public and all employees. This is done to support the emergency response personnel in order to provide responsive and professional service to the public. Additionally, the Suppression and Emergency Response Division provides all risk emergency services including fire suppression, emergency medical care, hazardous material response, and fire hydrant maintenance, maintenance of the fire apparatus fleet and equipment, and company building inspections in line with the Department's service level objectives. Furthermore, mandated and continuing education training is provided to all department members. Training is consistent with requirements as described by California State Fire Training Division, National Fire Prevention Administration, CAL-OSHA, and Federal requirements.

The Hanford Fire Department makes every effort to be an innovative and progressive organization in order to meet the changing demands of the City. One aspect of this innovation can be seen in the efforts to utilize technology, such as traffic light pre-emption, mobile mapping, and mobile data terminals to support the department's goals. All department members are committed to making a difference in our community.

## Fire- Prevention

Prevention and Investigation Division provides inspection services, plan reviews, code enforcement, construction inspections, and issues permits/licenses to all facilities where the public may be present.

Additional, functions of the prevention division include the delivery of fire/ life safety education to the general population as well as target groups, the investigation of arson fires, and prosecution of arsonists when appropriate in an effort to reduce per capita fire loss.

## Recreation- Administrative Services

Administration Division is responsible for the management of the City's Recreation Department. This includes program registration, policy development, budget oversight and personnel management.

The division includes the Recreation Director who is the Department Head, and the Administrative Support Technician position. The Director reports to the City Manager and is the department's liaison to the Parks and Recreation Commission, City Council and other city departments.

The Recreation Department works collaboratively with local government, community and non profit groups to provide programs that enhance the quality of life for our residents.

## Recreation- Sports

Sports Division facilitates a variety of youth and adult sports leagues, programs and events. Adult sports include basketball, volleyball and softball leagues. Youth sports include Pee Wee Basketball, Flag Football and Little Kickers Soccer.

We hold an annual fishing derby for local youth. We offer enrichment classes including tennis and boxing. Throughout the year the department will hold several softball tournaments.

Staff coordinates the use of several sports facilities by local independent youth sports organizations and adult groups for leagues and tournaments. This includes the Hanford Youth Athletic Complex, BMX track and Joint Use Softball Complex, Hanford Elementary School District Gymnasiums.

The department is staffed with part time and contracted staff.

## Recreation- Longfield Center

Longfield Center is a drop in facility for local youth and adults. Amenities include a basketball gym, weight room, computer lab, and table games. The facility is used by non profit groups for special events that promote public health, quality of life and family recreation activities.

The City offers a Christmas Party every year to provide gifts to underserved youth. Biannually, the City holds the Longfield Hall of Fame Induction Ceremony to recognize individuals who have been connected to the hall and gone on to achieve success in business, sports or education.

The hall is a safe haven for children providing mentoring and a healthy alternative for Hanford's youth.

**Recreation-  
Aquatics/  
Skate Park**

Aquatics/Skate Park provides a quality swimming facility including programming and skate park in a safe environment to meet the community's aquatic and skating needs.

The Hanford Plunge operates with a part time staff of 10 Recreation Leader I Concession/Admission employees, 25 Recreation Leader II Lifeguards, and 3 Recreation Leader III Senior Lifeguards. A Recreation Leader III will act as the Pool Manager this summer. The Plunge is in operation for public swim and swim lessons in the months of June, July and August and is in partial operation in the fall and in the spring as a rental for local swim teams and programs. It is available for rent for private parties, schools and swim teams.

Ford Hill Skate Park located next to the Plunge is open 7 days a week from sunrise to sunset. We do not have staff at the skate park but put on several special events here annually.

## Recreation- Facilities Management

Facilities Management - We offer the Civic Auditorium, the grounds and other city facilities including park shelters as quality venues for rent for private and community events. The facilities managed and available for rent by Recreation include the Civic Auditorium, the Veterans/Senior Center, Coe Park Hall, Civic Park and any covered shelter at a City of Hanford park. The Civic Auditorium often houses a wide range of rentals includes those for concerts, weddings, quinceneras, lunches and meetings. Being one of the largest buildings available and located right in the heart of downtown it is very popular and currently there are very few Saturdays left available in 2013.

The Veterans/Senior Center is where the majority of our classes and programs take place but upstairs is rented out for smaller parties and meetings as it fits 150 people. We operate and maintain these rentals and events that take place in our facilities with a staff of 10-15 Facility Hosts which are part time employees. All facilities can be rented at the Recreation Department Office.

## Recreation- Adult/Special Services

Adult and Special Services Division focuses on three areas; senior citizens, special needs population and adults. We provide high quality recreational programs that meet the needs of their diverse interests and abilities.

The Hanford Senior/Veterans Center is the site for drop in activities, exercise programs, enrichment classes and dances. The American Legion and Hanford Senior Inc. are located in the center and offer additional programming for local seniors, adults and veterans.

## Recreation- Community Promotions

Community Promotions and Events - We promote community and recreational experiences through special events, activities and promotions to meet the diverse needs of our community. We produce trifolds quarterly that are distributed to all citizens of Hanford through their water bill.

We make fliers and posters for all events. We do advertising on the news and in the local paper and we set up booths at community events.

We also host events which include the Renaissance Faire, Family Fun Days, Concerts in the Park, Movies in the Park, Adventure Days at the Plunge and the May Day. These events are staffed by our Recreation Leaders and Facility Hosts.

## Public Works-Administration

Administration/Engineering Division is responsible to provide leadership and management to all divisions of the Public Works Department to meet established service levels. Engineering Division staff are responsible to administer and coordinate the various programs necessary to properly construct and maintain Public Works facilities and to deliver services, and review, condition and inspect private development projects.

This division prepares and implements the City's capital improvement program; ensures compliance with state and federal regulatory issues; prepares and processes grant applications; administers state and federal funding, provides municipal engineering services and represents the Public Works Department on various city committees and commissions.

The Administration / Engineering Division is funded by various city enterprise funds as well as general fund revenues.

**Public Works-  
Street  
Maintenance**

Street Division staff are responsible for maintenance and repair of streets, alleys, parking lots, traffic control systems and downtown area street lights, to provide an efficient and safe transportation network. The city's roadway network, comprised of over 216 miles of streets, is the largest single asset owned by the City.

This division performs traffic signal preventative maintenance; repaints curbs, crosswalks, pavement legends and street centerlines; conducts a crack sealing program; installs or repairs sidewalks; administers an efficient leaf pick up program and hangs seasonal banners, holiday garlands and twinkle lighting in the downtown area.

The Street Division is funded by a combination of gas taxes and general fund revenues.

**Public Works-  
Parks**

Parks Division staff are responsible for maintaining the aesthetic and recreational value of over 205 acres of property including parks, landscaped street medians, athletic fields, the City's urban forest and other landscaped areas including the Downtown, Courthouse Square, City parking lots, Industrial Park, Airport and Intermodal Station.

This division constructs streetscape enhancement improvements within the downtown area; coordinates the City's annual Tree City U.S.A. recertification program; administers contracts and inspects maintenance for 31 landscape assessment districts; performs playground safety inspections and upgrades existing playgrounds to meet ASTM/CPSC standards and ADA requirements.

The Parks Division is funded by general fund revenues.

## Public Works- Refuse

Refuse Division staff are responsible for the collection and disposal of residential and commercial solid waste for more than 15,000 residences and over 1,350 businesses.

The division provides green waste, co-mingled recyclable and refuse solid waste collection and disposal services, with a goal to reduce the amount of solid waste being disposed of at the landfill through the use of efficient, cost effective and environmentally sound waste management practices. This division conducts an annual city wide clean-up program; administers a Christmas tree recycling program to divert green waste from the landfill; provides a segregated cardboard collection route for commercial customers and ensures that new businesses implement and maintain recycling programs.

The Refuse Division is funded from user fees charged to customers for refuse services.

## Public Works- Street Cleaning

Street Cleaning Division staff are responsible for cleaning all city streets, alleys and public parking lots to provide a safe, clean and attractive community.

The division objective is to sweep residential streets once a week and the downtown area on a five day a week basis. This requires that over 25,500 curb miles of street are swept each year.

Street sweeping operations are administered through the Street Division and are funded from refuse user fees charged to customers for street sweeping services.

**Public Works-  
Fleet  
Maintenance**

Fleet Maintenance Division staff ensure that city vehicles are available, dependable, safe to operate, cost effective, and energy efficient. Staffs is responsible for purchasing and maintaining all city vehicles and equipment, and for providing scheduled maintenance to reduce overall vehicle operating costs, extend useful life, and minimize downtime.

This division ensures conformance with the Department of Transportation and Department of Motor Vehicle regulations, and the Air Resources Board regulations. Preventative and routine maintenance of the Courthouse carousel and all Visitor Agency vehicles is also the responsibility of Fleet Maintenance.

Fleet Maintenance is an internal service fund. Revenue is received by charging user departments on a cost reimbursement basis.

**Public Works-  
Storm  
Drainage**

Storm Drainage Division staff are responsible for providing a safe, dependable storm drainage system through timely cleaning, repair and maintenance of all facilities. This division maintains a network of over 57 miles of storm drainage pipelines, 30 storm drainage pump stations and over 220 acres of drainage basins.

The division also coordinates with and encourages the Kings County Water District to maximum groundwater recharge through the use of the City's drainage system. Staff also conducts a public education and outreach program to educate the general public about the environmental impacts of disposing unwanted products into the City's storm drainage system.

Storm drainage operations are administered through the Utility Division and are funded from user fees charged to customers for drainage service.

**Public Works-  
Wastewater  
Treatment  
Plant**

Wastewater Treatment Plant (WWTP) Division staff are responsible for the treatment and recycling of wastewater in an environmentally safe manner to ensure its reuse for irrigation purposes will not endanger health or degrade groundwater quality. This division processes approximately 1.76 billion gallons of sewage each year by operation of the WWTP, a sophisticated, multi-million dollar facility.

The facility is a major part of the City's effort to keep our environment clean and to provide a water resource for irrigation and groundwater recharge. Staff also conducts over 84,000 laboratory tests each year to monitor the performance of the plant; manages reclaimed water usage to ensure compliance with the requirements of state reclamation discharge permits; administers the industrial pre-treatment program; and monitors industrial user compliance through daily observation and weekly analysis of discharge.

WWTP Division is funded by user fees charged to customers for sanitary sewer service.

**Public Works-  
Sanitary  
Sewer  
Collection**

Sanitary Sewer Division staff are responsible for providing a safe, dependable sanitary sewer collection system through timely cleaning, repair and maintenance of all facilities.

This division maintains a network of over 213 miles of sanitary sewer mains and 21 sewer pump stations. The division provides assistance in the implementation of a sewer emergency overflow plan in conformance with the City's sanitary sewer management plan (SSMP). Division staff are also responsible for monthly reporting to the California Regional Water Control Board for compliance with SSMP objectives and requirements.

Sanitary Sewer operations are administered through the Utility Division and are funded from user fees charged to customers for sewer service.

## Public Works- Water Operations

Utility Division (Water Operations) staff are responsible for providing safe, clean water through efficient and effective operation of the City's water system.

This division maintains a network of over 204 miles of water mains, 13 water supply wells, and approximately 15,870 water services. The division also conducts a water conservation program; prepares and distributes an annual consumer confidence report; provides monthly and annual water quality reports in accordance with California Department of Public Health requirements and conducts weekly security inspections of key water system components in accordance with the City's water system vulnerability assessment plan.

Water system operations are administered through the Utility Division and are funded from user fees charged to customers for water service.

## Public Works- Building Maintenance

Building Maintenance Division staff ensure that public buildings are safe, clean, dependable, cost effective and energy efficient. Staff is responsible for cleaning, maintenance and repair services for all public buildings, except city fire stations, and for providing scheduled preventive maintenance on heating, ventilation, and air conditioning systems to reduce overall operating costs, extend useful life, and minimize downtime.

This division evaluates building structural maintenance and equipment conditions annually to determine an optimum replacement schedule; coordinates energy efficiency audits and cost effective upgrades; and administers and tracks community service, boot camp, and juvenile work programs to provide optimum use of services.

Building Maintenance is an internal service fund. Revenue is received by charging user departments on a cost reimbursement basis.

**Public Works-  
Building Capital/  
Equipment  
Replacement**

Building Capital & Equipment Replacement Division staff ensure that public buildings are structurally sound and safe, and equipment is functional and dependable. Staff is responsible for evaluating the internal and external physical condition of building structures, and equipment operational performance annually to determine an optimum schedule for building maintenance projects and replacement of equipment as needed in accordance with approved maintenance and replacement fund criteria.

Building Capital and Equipment Replacement operations are administered through the Building Division and is an internal service fund.

Revenue is received by charging user departments on a cost reimbursement basis.

## **Downtown Reinvestment Fund**

Downtown Reinvestment Fund serves to stimulate economic development in the downtown reinvestment zone.

Staff is responsible for providing loans to businesses in the downtown area. Staff reimburses businesses for infrastructure improvements such as sidewalks, street trees, and tree grates in the form of a grant up to \$10,000.

Staff ensures that the program guidelines are met, and services are provided in a timely and efficient matter.

The Revenue is received through principal and interest payments on business loans and contribution from fund balance.

Wastewater Capital	277,500
12th Avenue Sewer Benefit Assmt District Fees	100,000
Central Parking and Business Improvement	10,000
	<b>5,819,100</b>

## **DESCRIPTION OF MAJOR FUNDING SOURCES**

- **ACCUMULATED CAPITAL OUTLAY (ACO)**

ACO are funds set aside from the City's General Fund for the acquisition and/or construction of capital facilities and special projects. The primary General Fund revenue sources are: property tax, sales tax, vehicle license fees, building permit fees, and interest earnings.

- **GAS TAX**

These funds are derived from gas taxes placed on motor vehicle fuels. Allocations are generally distributed on a population basis. This fund also receives money from the state transportation program that is distributed to each region based on population and road miles. Funds are to be used only for construction, improvements, and maintenance of public streets and roads.

- **FEDERAL CONGESTION MITIGATION AND AIR QUALITY PROGRAM (CMAQ)**

This program was established in 1991 by the Federal Intermodal Surface Transportation Efficiency Act (ISTEA) and was reauthorized by the passage of TEA 21. Funds are distributed to transportation projects and programs which contribute to the attainment or maintenance of national ambient air quality standards in nonattainment areas. Funds are distributed through the Kings County Association of Governments (KCAG).

- **REGIONAL SURFACE TRANSPORTATION PROGRAM**

The Surface Transportation Program (STP) was established in 1991 with the passage of the Federal Intermodal Surface Transportation Efficiency Act (ISTEA). The program directs funds to projects and programs for broad variety of transit and highway (includes streets and roads) work. Funds are distributed through KCAG.

- **DEVELOPMENT IMPACT FEES**

Development impact fees (including transportation, parks, police, fire, water, sewer, refuse, and storm drainage) are fees paid by a developer/development project to pay for the cost of providing facilities necessary to accommodate growth. The cost of projects needed to support growth is financed with impact fees based on a measurement of a development's impact on future needs. The purpose of these fees is to fund the cost of infrastructure improvements required to support development as designated in the General Plan.

- **12<sup>TH</sup> AVENUE SEWER BENEFIT ASSESSMENT FEE**

Benefit assessment fees are paid by a developer/development project to fund the cost of installing the 12<sup>th</sup> Avenue sanitary sewer trunk main facility. The district was established in 1992 to provide a funding mechanism to install a trunk sewer main within portions of 12<sup>th</sup> and Houston Avenues. The improvement is required to support development of the City's west side.

- CITY UTILITY USER FEES

City utility fees, including water, sewer, storm drainage, and refuse, are use charges paid by residential, industrial, commercial, and institutional utility users to fund the operation and maintenance of each utility or service program.

- COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS (CDBG)

These federal funds are distributed to the City on an annual basis. The funds are used to provide loans to low to moderate income families to assist in buying homes. Other projects the City has used the funds for include renovation improvements to various public buildings, park improvements, and sidewalk installations in low to moderate income neighborhoods. Habitat for Humanity projects and public services such as graffiti and paint programs have also been funded in the past.

## Dangerous Building Abatement

### **Project Background:**

These funds will be used to facilitate abatement of buildings determined to be unsafe or public nuisances under city or state building or fire codes.

### **Existing Conditions:**

Buildings are determined by the city building department to be unsafe or of a public nuisance.

### **Project Justification:**

Public funds are needed to facilitate the demolition and removal of dilapidated buildings on private properties when considered to be unsafe or public nuisances and when insufficient private funding exists to accomplish the task.

### **Fiscal Implications:**

Funding for this project will be allocated from Accumulated Capital Outlay Reserves. The city will recover costs for demolition and disposal expenses through property assessments collected by the Kings County Tax Collector.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Abatement Expenses	20,000	20,000	20,000	20,000	20,000
	Total Expenditure	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000
Revenue		Funding				
		004 Accumulated Capital Outlay	20,000	20,000	20,000	20,000
		Total Funding	\$20,000	\$20,000	\$20,000	\$20,000

## ADA Building Modifications

### **Project Background:**

The Americans with Disabilities Act (ADA) requires that public facilities be accessible to all users. The act requires that inaccessible facilities must be brought up to current ADA standards within a reasonable time frame.

### **Existing Conditions:**

Some of the upgrades and improvements needed to comply with ADA requirements include electrically operated doors at city hall, hand rails at various drinking fountains, lever type door handles, accessibility signs and relocation of various mirrors and dispensers.

### **Project Justification:**

In order to comply with the ADA, upgrades are required at various city facilities.

### **Fiscal Implications:**

Funding for various mandated ADA improvements will be allocated from Accumulated Capital Outlay Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Inspection	250	250	250	250	250
	Materials / Construction	9,500	9,500	9,500	9,500	9,500
	Department Overhead	250	250	250	250	250
	Total Expenditure	\$10,000	\$10,000	\$10,000	\$10,000	\$10,000
Revenue		Funding				
		004 Accumulated Capital Outlay	10,000	10,000	10,000	10,000
		Total Funding	\$10,000	\$10,000	\$10,000	\$10,000

## General Plan Update

### **Project Background:**

This project provides funds to complete a General Plan Update. This project is anticipated to span two fiscal years; therefore expenditure of Accumulated Capital Outlay will be spread over two fiscal years.

### **Existing Conditions:**

The General Plan for the City of Hanford was last updated in 2002. Since that date, many new state regulations were created that must be incorporated into the plan. These include SB 375, AB32, and others.

### **Project Justification:**

This project provides for the implementation of the General Plan Update. The preparation of the General Plan Update will include an extensive citizen participation component.

### **Fiscal Implications:**

Funding for this project will be allocated from Accumulated Capital Outlay Reserves. Staff is aggressively seeking alternative non-general fund opportunities, including federal funds, grants, etc. to offset use of the Accumulated Capital Outlay Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Planning				
	Consultant Services	1,000,000				
	Total Expenditure	\$1,000,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		004 Accumulated Capital Outlay	1,000,000			
		Total Funding	\$1,000,000	\$0	\$0	\$0

## Energy Conservation Projects / Programs

### **Project Background:**

These funds will be used to purchase and install energy saving fixtures and equipment as well as to leverage / match energy efficiency grants that may become available and suitable to our operation.

### **Existing Conditions:**

City buildings and facilities equipped with outdated lighting sources are areas where energy efficient improvements can be made. Energy management systems such as motion detection devices to control lighting use and thermostat controls are examples of possible cost saving opportunities.

### **Project Justification:**

Energy efficiency projects will be selected based upon economic benefits as well as compliance with AB 32 and SB 375 mandates.

### **Fiscal Implications:**

Funding for various energy efficiency improvements will be allocated from Accumulated Capital Outlay Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Inspection	1,000	1,000	1,000	1,000	1,000
	Materials / Construction	18,500	18,500	18,500	18,500	18,500
	Department Overhead	500	500	500	500	500
	Total Expenditure	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000
Revenue		Funding				
		004 Accumulated Capital Outlay	20,000	20,000	20,000	20,000
		Total Funding	\$20,000	\$20,000	\$20,000	\$20,000

## Park Development Oversizing Requirements

### **Project Background:**

In accordance with City Ordinance, developers are required to mitigate their impacts to parks and recreation programs by constructing qualifying improvements and/or payment of park mitigation impact fees.

### **Existing Conditions:**

Park mitigation impact fees were established by ordinance in 1990.

### **Project Justification:**

These funds will be used to reimburse developers for costs associated with park construction in excess of their park impact fee assessment.

### **Fiscal Implications:**

Funding for over sizing improvements shall be allocated from park mitigation impact fee reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	150,000	150,000	150,000	150,000	150,000
	Total Expenditure	\$150,000	\$150,000	\$150,000	\$150,000	\$150,000
Revenue		Funding				
		180 Park Impact Fees	150,000	150,000	150,000	150,000
		Total Funding	\$150,000	\$150,000	\$150,000	\$150,000

## Handicapped Accessibility Modifications

### **Project Background:**

The American with Disabilities Act (ADA) requires that parks and recreation facilities be accessible to all users. The act requires that inaccessible facilities must be brought up to current ADA standards within a reasonable time frame.

### **Existing Conditions:**

Staff has surveyed our park facilities in conformance with the ADA. A list of modifications has been prepared along with cost estimates.

### **Project Justification:**

These funds will be used to upgrade our parks and recreation facilities to conform with ADA requirements. Improvements will include modifications to restroom and playground facilities, installation of concrete pathways to various facilities and purchase of handicap accessible picnic equipment and tables.

### **Fiscal Implications:**

Funds for this project will be allocated from Accumulated Capital Outlay (ACO) Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	750	750	750	750	750
	Materials/Equipment	8,000	8,000	8,000	8,000	8,000
	Construction	11,000	11,000	11,000	11,000	11,000
	Department Overhead	250	250	250	250	250
	Total Expenditure	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000
Funding						
Revenue	004 Accumulated Capital Outlay	20,000	20,000	20,000	20,000	20,000
	Total Funding	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000

## Park Refuse Enclosures

### **Project Background:**

This project will involve the construction of concrete block trash enclosures at the Youth Athletic Complex which is currently void of them. Refuse dumpsters will then be stored within the enclosures. This project will improve park aesthetics and safety by installing refuse dumpsters in enclosure structures.

### **Existing Conditions:**

Some older community parks were developed without refuse enclosures. Refuse dumpsters are placed in parking lot areas for accessibility, but are unsightly and sometimes unsanitary.

### **Project Justification:**

### **Fiscal Implications:**

Funding for this project will be allocated from refuse fund reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	750				
	Construction	15,000				
	Department Overhead	250				
	Total Expenditure	\$16,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		306 Refuse Enterprise	16,000			
		Total Funding	\$16,000	\$0	\$0	\$0

## Tenth Avenue Median Landscape Renovation

### **Project Background:**

This project will renovate the Tenth Avenue median island and parkway landscaping, located between Grangeville Boulevard and Orange Street, by installing a new irrigation system. Landscape improvements consisting of stamped decorative concrete and new median island and parkway landscape will beautify this major thoroughfare into our community.

### **Existing Conditions:**

The existing landscape irrigation systems consist of sub-surface drip lines that have plugged and no longer provide adequate irrigation to the landscape. The existing landscape planting materials have suffered due to lack of irrigation and are in need of replacement.

### **Project Justification:**

This project will beautify the entrance to our community, install a sustainable irrigation system and replace dying and dead planting material. Cost and labor savings will be achieved by eliminating the current use of the water truck during spring, summer and fall and reduce the size of the maintenance area by installing stamped concrete.

### **Fiscal Implications:**

Funds for this project will be allocated from Accumulated Capital Outlay (ACO) Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	11,000				
	Construction	215,000				
	Contingency	21,500				
	Department Overhead	2,500				
Total Expenditure		\$250,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		004 Accumulated Capital Outlay	250,000			
Total Funding		\$250,000	\$0	\$0	\$0	\$0

## Repair Curb, Gutter and Sidewalk Improvements

### **Project Background:**

These funds will be used to repair curbs and gutters, sidewalks, drive approaches and other concrete improvements where city crews will be completing street reconstruction projects or in areas where the improvements are damaged by tree roots.

### **Existing Conditions:**

### **Project Justification:**

These funds will be used to complete gaps in street improvements by filling in areas void of such improvements and to eliminate potential trip hazards by replacing unlevel sidewalks.

### **Fiscal Implications:**

Funding for this project will be allocated from gas tax reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	2,250	2,250	2,250	2,250	2,250
	Construction	20,000	20,000	20,000	20,000	20,000
	Contingency	2,000	2,000	2,000	2,000	2,000
	Department Overhead	750	750	750	750	750
Total Expenditure		\$25,000	\$25,000	\$25,000	\$25,000	\$25,000
Revenue		Funding				
		050 Gas Tax (TDA Transportation)	25,000	25,000	25,000	25,000
Total Funding		\$25,000	\$25,000	\$25,000	\$25,000	\$25,000

## New Sidewalk and ADA Improvements

### **Project Background:**

These funds will be used to install sidewalks and other concrete improvements in areas currently void of such improvements. Improvement areas will be selected along arterial/collector streets with high pedestrian volume and where existing rights-of-ways exist to facilitate sidewalk installation. These funds will also be used to install handicap access ramps in compliance with American with Disabilities Act (ADA) standards.

### **Existing Conditions:**

### **Project Justification:**

Compliance with ADA standards is a federal law. Also, the installation of sidewalks provides pedestrians with a safe walkway located outside vehicular travel areas.

### **Fiscal Implications:**

Funding for this project will be allocated from gas tax reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	2,250	2,250	2,250	2,250	2,250
	Construction	20,000	20,000	20,000	20,000	20,000
	Contingency	2,000	2,000	2,000	2,000	2,000
	Department Overhead	750	750	750	750	750
Total Expenditure		\$25,000	\$25,000	\$25,000	\$25,000	\$25,000
Revenue		Funding				
		050 Gas Tax (TDA Transportation)	25,000	25,000	25,000	25,000
Total Funding		\$25,000	\$25,000	\$25,000	\$25,000	\$25,000

## Street Division Maintenance

### Project Background:

Street maintenance is performed by the Public Works Street Maintenance Division through the city's general fund. This project account is established to record that portion of annual street maintenance which will be allocated to gas tax funds.

### Existing Conditions:

### Project Justification:

These funds will pay for labor, maintenance materials, equipment rental, and other contracted services for street reconstruction, resurfacing, and repair projects.

### Fiscal Implications:

Funding for this program will be allocated from gas tax reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Maintenance	Maintenance	Maintenance	Maintenance	Maintenance
	Maintenance	550,000	450,000	450,000	450,000	450,000
	Total Expenditure	\$550,000	\$450,000	\$450,000	\$450,000	\$450,000
Revenue		Funding				
		042 Gas Tax (2107)	450,000	450,000	450,000	450,000
		041 Gas Tax (2106)	100,000			
		Total Funding	\$550,000	\$450,000	\$450,000	\$450,000

## Unscheduled Arterial Upgrades & Traffic Signal Installation

### Project Background:

This fund will be used to reimburse developers who are required to construct qualifying arterial street improvements that exceed their project's transportation mitigation impact fee share.

### Existing Conditions:

### Project Justification:

This fund will set aside funds to reimburse developers that are required to construct street improvements, as part of project conditions of approval, that are considered to be over sized.

### Fiscal Implications:

Funding for this program will be allocated from transportation impact fee reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	150,000	150,000	150,000	150,000	150,000
	Total Expenditure	\$150,000	\$150,000	\$150,000	\$150,000	\$150,000
Revenue		Funding				
		181 Transportation Impact Fees	150,000	150,000	150,000	150,000
		Total Funding	\$150,000	\$150,000	\$150,000	\$150,000

## Slurry Seal on Residential Streets

### **Project Background:**

Funds for this project will be used to apply a slurry seal treatment to various residential streets as identified by Public Works Department staff. The slurry seal treatment is a mixture of oil and fine rock aggregate that restores and protects the top surface of a street.

### **Existing Conditions:**

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

### **Project Justification:**

Timely application of a pavement slurry seal treatment provides a roadway with a smooth riding surface, reduces pavement cracking and extends the useful life of the street. This project will provide surface treatment for approximately 2 miles of residential street (50,000 SY).

### **Fiscal Implications:**

Funding for this project will be allocated from gas tax reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	4,375	4,375	4,375	4,375	4,375
	Construction	80,000	80,000	80,000	80,000	80,000
	Contingency	8,000	8,000	8,000	8,000	8,000
	Department Overhead	625	625	625	625	625
Total Expenditure		\$93,000	\$93,000	\$93,000	\$93,000	\$93,000
Revenue		Funding				
		040 Gas Tax (2105)	93,000	93,000	93,000	93,000
Total Funding		\$93,000	\$93,000	\$93,000	\$93,000	\$93,000

## Survey Monumentation / Mapping

### **Project Background:**

These funds will be used to re-establish survey monumentation on street re-surfacing projects and to update our survey bench mark datum and mapping.

### **Existing Conditions:**

The city's survey bench mark datum is used by private engineers in the design of various Public Works infrastructure projects. The bench mark datum is updated by the city approximately every 10 years.

### **Project Justification:**

State law requires that survey monuments be re-established if altered due to re-surfacing or reconstruction of streets. Updating of our survey bench mark datum periodically is necessary for proper installation of curbs, storm drainage facilities and sanitary sewer lines.

### **Fiscal Implications:**

Funding for this project will be allocated from storm drainage and sanitary sewer fund reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering	15,000	15,000	15,000	15,000	15,000
	Total Expenditure	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000
Revenue		Funding				
		358 Storm Drainage Capital	7,500	7,500	7,500	7,500
		363 Wastewater Capital	7,500	7,500	7,500	7,500
		Total Funding	\$15,000	\$15,000	\$15,000	\$15,000

## Reclamite Seal Treatment

### Project Background:

Reclamite is a pavement surface protection and preservation treatment for city streets. The treatment keeps pavement surfaces flexible and reduces asphalt oil content loss.

### Existing Conditions:

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

### Project Justification:

Reclamite seal treatments will extend the useful life of asphalt pavement surfaces thereby reducing street maintenance costs. This project will provide surface treatment for approximately five miles of arterial/collector street (175,000 SY).

### Fiscal Implications:

Funding for this project will be allocated from gas tax reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	2,150	2,150	2,150	2,150	2,150
	Construction	50,000	50,000	50,000	50,000	50,000
	Contingency	2,500	2,500	2,500	2,500	2,500
	Department Overhead	350	350	350	350	350
Total Expenditure		\$55,000	\$55,000	\$55,000	\$55,000	\$55,000
Revenue		Funding				
		041 Gas Tax (2106)	55,000	55,000	55,000	55,000
Total Funding		\$55,000	\$55,000	\$55,000	\$55,000	\$55,000

## Cape Seal Treatment

### Project Background:

Cape seal coating is a surface protection and pavement preservation treatment for city streets. The treatment process is performed in three applications. The first step is application of a scrub seal oil coating to fill in roadway cracks. Next a fine gravel rock surfacing is applied to add structural integrity to the product and finally a micro-seal coat is applied to provide a smooth driving surface.

### Existing Conditions:

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

### Project Justification:

Cape seal treatments will extend the useful life of asphalt concrete pavement surfaces thereby reducing street maintenance costs. This project will provide surface treatment for approximately 1-1/4 mile of collector street (45,000 SY).

### Fiscal Implications:

Funding for this project will be allocated from gas tax reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	6,500	6,500	6,500	6,500	6,500
	Construction	200,000	200,000	200,000	200,000	200,000
	Contingency	20,000	20,000	20,000	20,000	20,000
	Department Overhead	1,000	1,000	1,000	1,000	1,000
Total Expenditure		\$227,500	\$227,500	\$227,500	\$227,500	\$227,500
Revenue		Funding				
		040 Gas Tax (2105)	227,500	227,500	227,500	227,500
Total Funding		\$227,500	\$227,500	\$227,500	\$227,500	\$227,500

## East Lacey Boulevard Resurfacing, 10th Avenue to Highway 43

### Project Background:

This project will involve the resurfacing of east Lacey Boulevard, from 10th Avenue to Highway 43. Resurfacing will consist of placement of an armor coat chip seal treatment utilizing County Public Works Department forces. The city will provide all materials and traffic control.

### Existing Conditions:

East Lacey Boulevard, from 10th Avenue to Highway 43, is a two lane roadway with a continuous left turn lane. Current average daily traffic volume is approximately 7,500 vehicles per day. This segment of roadway is partially in the City and County. The roadway is beginning to deteriorate and is in need of maintenance.

### Project Justification:

Placement of an armor coat chip seal treatment will extend the useful life of the street by approximately 7 -10 years.

### Fiscal Implications:

Funding for this project will be allocated from gas tax reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	1,750				
	Materials	98,000				
	Department Overhead	250				
	Total Expenditure	\$100,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		041 Gas Tax (2106)	100,000			
		Total Funding	\$100,000	\$0	\$0	\$0

## Grangeville Boulevard Resurfacing (CIR), Douty Street to 11th Avenue

### Project Background:

This project will involve the resurfacing of pavement within Grangeville Boulevard, from Douty Street to 11th Avenue. Improvements to include recycling of existing pavement, adjustment of manholes and gate valve covers, installation of handicap access ramps, asphalt concrete paving, and restriping of the roadway.

### Existing Conditions:

Grangeville Boulevard is a four lane arterial street with a continuous protected turn lane. Current average daily traffic volume is approximately 16,000 vehicles per day. The existing roadway surface is deteriorating due to traffic loads and weather impacts and is in need of resurfacing.

### Project Justification:

This project will extend the useful life of the street by approximately 12-15 years.

### Fiscal Implications:

Funding for this project will be allocated from RSTP gas tax reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	20,000				
	Construction	360,000				
	Contingency	36,000				
	Department Overhead	4,000				
	Total Expenditure	\$420,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		052 RSTP Reserves	420,000			
		Total Funding	\$420,000	\$0	\$0	\$0

## Harris Street Reconstruction/Resurfacing, Grangeville Blvd to Ivy St

### **Project Background:**

This project will involve replacement of old dilapidated concrete curbs, gutter and sidewalk with new improvements to facilitate proper drainage and pedestrian travel. Improvements will include application of a cape seal over the existing roadway section to provide a smooth travel surface and to extend the roadway's useful life by approximately 7-10 years.

### **Existing Conditions:**

Existing roadway curbs, gutter and sidewalks are dilapidated and cannot be repaired. Street drainage is obstructed by uplifted gutters and pedestrian travel ways are uneven or non-existent.

### **Project Justification:**

This project will improve drainage facilities and provide ADA compliant pedestrian travel paths along this residential collector street.

### **Fiscal Implications:**

Funding for this project will be allocated from gas taxes and various enterprise funds.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	35,000				
	Construction	480,000				
	Contingency	48,000				
	Department Overhead	12,000				
	Total Expenditure	\$575,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		052 RSTP Reserves	373,500			
		358 Storm Drainage Capital	144,000			
		391 Water Capital	57,500			
		Total Funding	\$575,000	\$0	\$0	\$0

## Campus Dr Crossing of the Union Pacific/San Joaquin Valley R.R. (UP/SJVRR)

### **Project Background:**

The City's general plan circulation element identifies the extension of Campus Drive across the UP/SJVRR as an important transportation link to serve an area currently land-locked and bounded by the UP/SJVRR to the north; Highway 198 to the south; 11th Avenue to the east and 12th Avenue to the west. In July 2009, the City received permission from the California Public Utilities Commission (CPUC) to construct a new at grade street crossing of the UP/SJVRR at Campus Drive. The CPUC approval resolution specifies a project completion date of July 30,

### **Existing Conditions:**

Campus Drive currently terminates at Sixth Street. The proposed railroad crossing would allow the extension of Campus Drive south of Sixth Street and ultimately connect with the future extension of Glendale Avenue located south of the UP/SJVRR line.

### **Project Justification:**

The proposed improvement will encourage in-fill development by improving transportation access and connectivity. The improvement will also help to reduce traffic congestion in the surrounding area by providing alternative access to residents and businesses in the area, including Hanford Community Hospital.

### **Fiscal Implications:**

Funding for this project will be allocated from transportation impact fee fund reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Design	Construction			
	Engineering / Inspection	30,000	7,500			
	Construction		400,000			
	Contingency		40,000			
	Department Overhead		2,500			
Total Expenditure		\$30,000	\$450,000	\$0	\$0	\$0
Revenue		Funding				
		181 Transportation Impact Fees	30,000	450,000		
Total Funding		\$30,000	\$450,000	\$0	\$0	\$0

## Curb and Gutter Installation

### **Project Background:**

This project involves the installation of new or replacement concrete curb & gutter to facilitate proper street drainage. Projects may include replacement of existing dilapidated curbs & gutter or installation of new curb & gutter in existing developed areas currently void of these improvements.

### **Existing Conditions:**

A portion of the City's streets were not constructed with curb and gutter improvements. These improvements are necessary to ensure proper drainage and to alleviate localized flooding.

### **Project Justification:**

Storm Drainage collection in the City is necessary to reduce localized flooding and damage to existing properties.

### **Fiscal Implications:**

Funding for this project will be allocated for storm drainage reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering/Inspection	3,000	3,000	3,000	3,000	3,000
	Construction	15,000	15,000	15,000	15,000	15,000
	Contingency	1,500	1,500	1,500	1,500	1,500
	Department Overhead	500	500	500	500	500
Total Expenditure		\$20,000	\$20,000	\$20,000	\$20,000	\$20,000
Revenue		Funding				
		358 Storm Drainage Capital	20,000	20,000	20,000	20,000
		Total Funding	\$20,000	\$20,000	\$20,000	\$20,000

## Increase Flow Capacity of Main Branch of Peoples Ditch

### **Project Background:**

The City, by agreement, has drainage rights with Peoples Ditch Company which allows discharge in Peoples Ditch under certain parameters. This project provides funds for shared maintenance costs and improvements to increase the capacity in both the east and west branches of Peoples Ditch within city limits.

### **Existing Conditions:**

Portions of the ditch can be improved to allow for additional on and off peak pumping into the ditch which assists in lowering the standing water in the City's basins. Pumping to the ditch provides additional capacity in these basins to reduce the potential for flooding.

### **Project Justification:**

Projects would be performed in cooperation with Peoples Ditch Company and would include culvert repair/enlargements, ditch realignment and piping, turn-out basins, control structure modifications, and additional ditch maintenance.

### **Fiscal Implications:**

Funding for this project will be allocated from storm drainage reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	25,000	25,000	25,000	25,000	25,000
	Total Expenditure	\$25,000	\$25,000	\$25,000	\$25,000	\$25,000
Revenue		Funding				
		358 Storm Drainage Capital	25,000	25,000	25,000	25,000
		Total Funding	\$25,000	\$25,000	\$25,000	\$25,000

## Storm Drainage System Oversizing Requirements

### Project Background:

The City reimburses developers that are required to upsize their storm drainage improvements to provide additional capacity in compliance with the Storm Drainage Master Plan.

### Existing Conditions:

### Project Justification:

As provided by City Ordinance, these funds will be used to reimburse developers for the costs attributed to oversizing drainage systems to provide service for future growth.

### Fiscal Implications:

Funding for this project will be allocated from storm drainage impact fee reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Total Expenditure	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		184 Storm Drainage Impact Fees	50,000	50,000	50,000	50,000
		Total Funding	\$50,000	\$50,000	\$50,000	\$50,000

## Storm Drainage Pump Station No.57 Renovation

### **Project Background:**

This project will upgrade a pump station located at Fir Street and Windsor Drive (Quail Run Basin) which is in disrepair and is difficult to continue to maintain. This project includes the replacement of the pump, guide rails, control panel, and deck lid which will increase reliability and reduce maintenance costs.

### **Existing Conditions:**

This station was constructed in 1995 and serves a small serviceable area. Staff spends an inordinate amount of time repairing and maintaining this station which has become labor intensive and inefficient.

### **Project Justification:**

This project is necessary to increase system reliability, reduce maintenance costs, and improve labor efficiency.

### **Fiscal Implications:**

Funding for this project will be allocated from storm drainage reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2011/2012	2012/2013	2013/2014	2014/2015	2015/2016
Expenditure	Program or Project	Construction				
	Engineering / Inspection	4,000				
	Construction	30,000				
	Contingency	5,000				
	Department Overhead	1,000				
	Total Expenditure	\$40,000	\$0	\$0	\$0	\$0
Funding						
Revenue	358 Storm Drainage Capital	40,000				
	Total Funding	\$40,000	\$0	\$0	\$0	\$0

## Scott Street Basin Relocation / Capacity Enhancement

### **Project Background:**

The Scott Street basin located north of Hanford Armona Road is undersized and requires emergency response to pump down the basin between and during storm events. The drainage basin provides service to an area roughly bounded by Hanford Armona Road, BN&SF Railroad, Second Street, and Douty Street.

### **Existing Conditions:**

The Scott Street basin currently has 2.1 acre feet of capacity which is undersized for the developed area.

### **Project Justification:**

The project will improve drainage service in the area by relocating and increasing the capacity of the Scott Street Drainage Basin to approximately 4.0 acre feet of storage.

### **Fiscal Implications:**

Funding for this project will be allocated from storm drainage reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	15,000				
	Construction	210,000				
	Contingency	20,000				
	Department Overhead	5,000				
	Total Expenditure	\$250,000	\$0	\$0	\$0	\$0
Funding						
Revenue	358 Storm Drainage Capital	50,000				
	184 Storm Drainage Impact Fees	200,000				
	Total Funding	\$250,000	\$0	\$0	\$0	\$0

## Sanitary Sewer Main Oversizing Requirements

### Project Background:

The City reimburses developers that are required to upsize their main installation to provide additional capacity in compliance with the City's Sanitary Sewer Master Plan.

### Existing Conditions:

### Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing sewer mains to provide service for future growth demands.

### Fiscal Implications:

Reimbursement funds for oversizing improvements will be allocated from Wastewater Impact Fee reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Total Expenditure	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		186 Wastewater Impact Fees	50,000	50,000	50,000	50,000
		Total Funding	\$50,000	\$50,000	\$50,000	\$50,000

## Unscheduled Main Extensions / Replacements

### **Project Background:**

These funds are for unanticipated projects which occur when a developer is connecting to our sanitary sewer system and requires the main to be extended beyond the project boundaries. These funds could also be utilized for replacement of undersized or deteriorated sewer mains.

### **Existing Conditions:**

### **Project Justification:**

These funds will be used to reimburse developers for costs attributed to extending sewer mains beyond their project frontage in order to provide service to their project. This account could also be utilized for unscheduled emergency repairs on deteriorated or undersized mains within the sewer system.

### **Fiscal Implications:**

Funding for Unscheduled Main Extensions/Replacements will be allocated from Wastewater Capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Total Expenditure	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		363 Wastewater Capital	50,000	50,000	50,000	50,000
		Total Funding	\$50,000	\$50,000	\$50,000	\$50,000

## Sanitary Sewer Video Inspection

### **Project Background:**

This project involves video camera inspection of the City's sanitary sewer mains and recording the resulting data. All mains are to be videotaped and catalogued as to their current condition.

### **Existing Conditions:**

The existing condition of each main is to be analyzed and catalogued to determine if and when repair, rehabilitation, or replacement is necessary.

### **Project Justification:**

In order to determine the existing condition of a sewer main a video inspection needs to be completed to determine if there are intrusions, breaks, slope restrictions, and/or deterioration of pipe.

### **Fiscal Implications:**

Funding for Video Inspection Services will be allocated from Wastewater Capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Consultant Services	17,000	17,000	17,000	17,000	17,000
	Contingency	1,500	1,500	1,500	1,500	1,500
	Department Overhead	1,500	1,500	1,500	1,500	1,500
	Total Expenditure	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000
Funding						
Revenue	363 Wastewater Capital	20,000	20,000	20,000	20,000	20,000
	Total Funding	\$20,000	\$20,000	\$20,000	\$20,000	\$20,000

## 12th Avenue Sewer Trunk Main Oversizing

### Project Background:

The City reimburses developers that are required to upsize the trunk sewer main within 12th Avenue to provide additional capacity for future growth.

### Existing Conditions:

### Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing sewer mains to provide service for future growth demands.

### Fiscal Implications:

Funding for 12th Avenue Sewer Trunk Main Oversizing will be allocated from 12th Avenue Sewer Benefit Assessment District reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	100,000	100,000	100,000	100,000	100,000
	Total Expenditure	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000
Funding						
Revenue	161 12th Ave. Sewer Benefit District	100,000	100,000	100,000	100,000	100,000
	Total Funding	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000

## Sanitary Sewer Lift Station No. 64 Electrical Panel Upgrade

### **Project Background:**

This project will replace the obsolete electrical control panel for an existing sanitary sewer lift station located in the vicinity of Grangeville Boulevard and Brookhollow Drive.

### **Existing Conditions:**

This station was constructed in 2000 . The electrical panel has served its useful life and parts are no longer available for repairs.

### **Project Justification:**

Installation of a new control panel will reduce operational maintenance time and costs and increase system reliability.

### **Fiscal Implications:**

Funding for the Sanitary Sewer Lift Station No. 64 Electrical Panel Upgrade will be allocated from Wastewater Capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2011/2012	2012/2013	2013/2014	2014/2015	2015/2016

	Engineering/Inspection	2,500				
	Materials/Installation	20,000				
	Contingency	2,000				
	Department Overhead	500				
Total Expenditure		\$25,000	\$0	\$0	\$0	\$0
		Funding				
Revenue	Funding					
	363 Wastewater Capital	25,000				
Total Funding		\$25,000	\$0	\$0	\$0	\$0

## Wastewater Treatment Plant Slurry Seal Project

### **Project Background:**

The Wastewater Treatment Plant has approximately four lane miles of existing road pavement that is in need of a surface treatment. Funds for this project will be used to apply a slurry seal treatment on all plant roadways. The slurry seal treatment is a mixture of oil and fine rock aggregate that restores and protects the top surface of roadways from weather degradation and water infiltration.

### **Existing Conditions:**

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

### **Project Justification:**

Slurry seal is a surface treatment which provides a smooth riding surface, inhibits water infiltration and extends the useful life of the roadways. This project will provide surface treatment for approximately 260,000 square feet of roadways.

### **Fiscal Implications:**

Funding for the Wastewater Treatment Plant Digester Cleaning will be allocated from Wastewater Capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project		Construction			
	Engineering / Inspection	4,000				
	Construction	50,000				
	Contingency	5,000				
	Department Overhead	1,000				
Total Expenditure		\$60,000	\$0	\$0	\$0	\$0
Funding						
Revenue	363 Wastewater Capital	60,000				
Total Funding		\$60,000	\$0	\$0	\$0	\$0

## Wastewater Treatment Plant Digester Cleaning

### **Project Background:**

The Wastewater Treatment Plant has two digesters that are part of the treatment process that need scheduled maintenance for cleaning and repair.

### **Existing Conditions:**

The digesters were last cleaned in 2006. In addition, some below ground pipelines that provide service to the digesters are showing signs of deterioration and need to be replaced. The existing lines were originally installed during this 1976 treatment plant expansion project and have outlived their useful life.

### **Project Justification:**

The digesters require cleaning and repair every five to ten years in order to remove sediments and sand from the treatment process to maintain efficiency.

### **Fiscal Implications:**

Funding for the Wastewater Treatment Plant Digester Cleaning will be allocated from Wastewater Capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction			
	Engineering / Inspection	4,000	4,000			
	Construction	100,000	100,000			
	Contingency	10,000	10,000			
	Department Overhead	1,000	1,000			
Total Expenditure		\$115,000	\$115,000	\$0	\$0	\$0
Revenue		Funding				
		363 Wastewater Capital	115,000	115,000		
Total Funding		\$115,000	\$115,000	\$0	\$0	\$0

## Unscheduled Water Main Extensions / Replacements

### **Project Background:**

These funds are for unanticipated projects which occur when a developer is connecting to our water system and requires the main to be extended beyond the project boundaries. These funds could also be utilized for replacement of undersized or deteriorated water mains.

### **Existing Conditions:**

### **Project Justification:**

These funds will be used to reimburse developers for the costs attributed to extending water mains beyond their project frontage in order to provide service to their project. This account could also be utilized for unscheduled emergency repairs on deteriorated or undersized mains within the water system.

### **Fiscal Implications:**

Funding for Unscheduled Main Extensions/Replacements will be allocated from water capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Total Expenditure	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		391 Water Capital	50,000	50,000	50,000	50,000
		Total Funding	\$50,000	\$50,000	\$50,000	\$50,000

## Water Main Oversizing Requirements

### Project Background:

The City reimburses developers that are required to upsize their main installation to provide additional capacity in compliance with the City's Water Master Plan.

### Existing Conditions:

### Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing water mains to provide service for future growth demands.

### Fiscal Implications:

Reimbursement funds for over sizing improvements will be allocated from water impact fee reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Total Expenditure	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Funding						
Revenue	185 Water Impact Fees	50,000	50,000	50,000	50,000	50,000
	Total Funding	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000

## Water Main Replacement Program

### Project Background:

This project will upgrade existing undersized and older mains that do not meet City standards for fire protection or for delivery of water to consumers.

### Existing Conditions:

### Project Justification:

Projects will include replacement of older steel and cast iron mains, undersized mains causing low pressure areas, and in-fill in areas where minor adjustments to the distribution system will enhance system performance.

### Fiscal Implications:

Funding for the Water Main Replacement Program will be allocated from water capital reserves.

### Project Budget Summary:

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	20,000	20,000	20,000	20,000	20,000
	Construction	250,000	250,000	250,000	250,000	250,000

## Water System Security Upgrades

### **Project Background:**

This project will fund the installation of system security measures as identified in the City Water Vulnerability Assessment Study. The project proposes security cameras, anti-climb fencing, lighting, hatch intrusion shut down systems, and perimeter alarms.

### **Existing Conditions:**

### **Project Justification:**

In compliance with the U.S. Bureau of Homeland Security, the City developed a Vulnerability Study to determine what types of security measures should be taken to ensure delivery and quality of the water system. This project provides funds to protect our well sites and tank sites from potential contamination.

### **Fiscal Implications:**

Funding for the Water System Security Upgrade Project will be allocated from water capital reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
Expenditure	Program or Project	2011/2012	2012/2013	2013/2014	2014/2015	2015/2016

## 12th Avenue/Highway 198 Water Main Relocation

### **Project Background:**

This project involves the relocation of a 12" diameter water main, located along 12th Avenue at Highway 198, to facilitate widening of the 12th Avenue freeway overpass as part of a planned Caltrans Project.

### **Existing Conditions:**

The City's existing water main is located adjacent to and just west of the westerly slope of the overpass. The existing location of the main interferes with the planned widening improvements at the interchange and needs to be relocated. Caltrans has requested the City to take the lead in the relocation of the water main since it is our infrastructure.

### **Project Justification:**

The existing 12" water main is an integral part of the City's water distribution system therefore the relocation is necessary to facilitate the widening of the overpass and continue to provide adequate water service to the community.

### **Fiscal Implications:**

Funding for the 12th Avenue/Highway 198 Water Main Relocation Project will be allocated from Water Capital reserves. Caltrans will reimburse the City 100% of project costs upon completion of the work by the City from State Transportation Improvement Program funds allocated to the overpass widening project.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction				
	Engineering / Inspection	40,000

	Department Overhead	10,000				
	Total Expenditure	\$600,000	\$0	\$0	\$0	\$0
Revenue		Funding				
		391 Water Capital (Loan)	600,000			
		Total Funding	\$600,000	\$0	\$0	\$0

## Downtown Reinvestment Zone

### **Project Background:**

This project includes funding of infrastructure improvements as well as Downtown improvement loans and grants.

### **Existing Conditions:**

Typical infrastructure that exists in the downtown includes parking lots, street trees, tree grates, street lights, signage, and planter bulbs. Some of these items are in disrepair and need to be updated to current standards.

### **Project Justification:**

Downtown Reinvestment Zone Funds are utilized to encourage public/private partnerships to support development in the Downtown.

### **Fiscal Implications:**

Funds for this program will be allocated from Accumulated Capital Outlay (ACO) Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
Total Expenditure		\$50,000	\$50,000	\$50,000	\$50,000	\$50,000

		004 Accumulated Capital Outlay	50,000	50,000	50,000	50,000
Total Funding		\$50,000	\$50,000	\$50,000	\$50,000	\$50,000

## Parking Lot / Alley Seal Coat Treatment

### **Project Background:**

These funds are used to seal City parking lots and/or alleys to extend the useful life of the pavement surface.

### **Existing Conditions:**

### **Project Justification:**

Pavement seal coat treatments protect the wearing surface of parking lots and alleys, inhibit water infiltration, and extend the serviceable life of asphalt concrete surfaces.

### **Fiscal Implications:**

Funds for the Parking Lot/Alley Seal Coat Treatment Project shall be allocated from Central Parking and Business Improvement District Funds.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction

		025 Central Parking and Business Improvement	10,000	10,000	10,000	10,000
Total Funding		\$10,000	\$10,000	\$10,000	\$10,000	\$10,000

## Hanger Taxilane Rehabilitation

### **Project Background:**

Project includes rehabilitation of the hanger taxilanes.

### **Existing Conditions:**

The taxilanes to the hangers are in various stages of decline based upon the age of the pavement. The existing pavement surface is in need of repair.

### **Project Justification:**

The hanger taxilanes are necessary for safe operation function of the Airport. The pavement surface is in disrepair and in need of rehabilitation. This project will extend the useful life of the facility.

### **Fiscal Implications:**

Federal Aviation Administration(FAA) provides funding for this project which requires a 5% match from Airport Capital Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Design	Construction			
	Engineering / Inspection	135,000	60,000			
	Construction		1,570,000			
	Contingency					
	Department Overhead	7,600	10,000			
	Total Expenditure	\$142,600	\$1,640,000	\$0	\$0	\$0
Revenue		Funding				
		300 Airport	7,130	82,000		
		023 FAA Grant	135,470	1,558,000		
		Total Funding	\$142,600	\$1,640,000	\$0	\$0

## Land Survey

### **Project Background:**

This project provides funds to assist in the Industrial Park sales promotion. Funds for survey services are available to adjust parcels of land for sale purposes.

### **Existing Conditions:**

The Kings Industrial Park consists of over 1,000 acres of developed and vacant land. The park is developed with the majority of the infrastructure in place. Within the park is vacant land that is co-owned by the City and the Kings Economic Development Corporation. The sale of vacant parcels may require a land survey.

### **Project Justification:**

In order to be competitive, the City may offer land survey services at no cost to a potential developer. This is an effective way for the City to make the industrial park more business friendly. This will attract new investment, core jobs and lead to a fully occupied industrial park.

### **Fiscal Implications:**

Funds for this program will be allocated from Accumulated Capital Outlay (ACO) Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation				
		2013	2014	2015	2016	2017
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering Services	10,000	10,000	10,000	10,000	10,000

## Developer Infrastructure Assistance

### **Project Background:**

This project provides funds to assist in the Industrial Park sales promotion. Funds for infrastructure improvements and fee assistance are provided to prospective developers at no cost to the developer.

### **Existing Conditions:**

The Kings Industrial Park consists of over 1,000 acres of developed and vacant land. The park is mostly developed with the majority of the infrastructure in place. The sale of vacant parcels may require installation of additional infrastructure improvements and will require the payment of developer fees in order to develop.

### **Project Justification:**

In order to be competitive, the City may offer infrastructure improvements and fee assistance at no cost to the potential developer. This is an effective way for the City to make the industrial park more business friendly. This will attract new investment, core jobs and lead to a fully occupied industrial park.

### **Fiscal Implications:**

Funds for this program will be allocated from Accumulated Capital Outlay (ACO) Reserves.

### **Project Budget Summary:**

		5-Year Funding Allocation

1996 Variable Rate Demand Sewer System Refunding Revenue Bonds

In 1996, the City issued the captioned Variable Rate Demand Sewer System Refunding Revenue Bonds to refund City of Hanford Certificates of Participation issued in 1987 and 1993 which financed two expansions of the Wastewater Treatment Plant. The interest rate is variable over 27 year issue and is projected to average 3.65%. The principal payment is due annually on April 1, with interest payable quarterly on the first day of January, April, July and October.

Term:	4/96 - 4/2023
Interest Rate:	Variable (Avg. 3.65%)
Original Issue:	\$7,855,000
Outstanding Principal:	\$4,700,000
Estimated Debt Service FY:	2012-2013
Source of Funds:	Wastewater Enterprise

1999 California Statewide Communities Development Authority (CSCDA) Pooled Wastewater Revenue Bonds

1999, the City issued the captioned Wastewater Revenue Bonds as part of a pooled financing program through CSCDA to acquire land to enhance wastewater treatment plant effluent disposal and other wastewater system improvements. The bond issue is for 30 years with an average interest rate of 5.60%. Principal is payable annually on October 1, with interest due semiannually on April 1, and October 1.

Term:	10/99 - 10/2029
Interest Rate:	3.50% to 5.75%
Original Issue:	\$5,000,000
Outstanding Principal:	\$3,835,000
Estimated Debt Service FY:	2012-2013
Source of Funds:	Wastewater Enterprise

DEBT SERVICE	
WASTEWATER ENTERPRISE	369, 370, 372, 374

2011 Bank of America Lease Purchase Agreement

In 2011, the City entered into a lease/purchase agreement with Bank of America to finance construction of a Solar Project at the Wastewater Treatment Facility. The lease/purchase agreement is for 15 years with a fixed 3.33% interest rate. Principal and interest are payable annually on July 8.

Term:	11/08/2011 - 07/08/2026
Interest Rate:	3.33%
Original Issue:	\$4,326
Outstanding Principal: 07/01/12	\$4,325,556
Estimated Debt Service FY: 2012-2013	\$471,530
Source of Funds:	Wastewater Enterprise

2002 California Statewide Communities Development Authority (CSCDA) Pooled Wastewater Revenue Bonds

In 2001, the City issued the captioned Wastewater Revenue Bonds as part of a pooled financing program through CSCDA to expand the wastewater treatment facility. The bond issue is for 30 years with an average interest rate of 4.94%. Principal is payable annually on August 1, with interest due semiannually on February 1, and August 1.

Term:	5/2002 - 8/2033
Interest Rate:	3.50%
Original Issue:	\$10,000,000
Outstanding Principal: 7/10/2012	\$8,044,596
Estimated Debt Service FY: 2012-2013	\$585,180
Source of Funds:	Wastewater Enterprise

<u>1998 Special Tax Bonds Payable-Community Facilities District No. 91-1</u>					
In 1992, the city formed Community Facilities District No. 91-1 CFD 91-1 to assist in the Hanford Mall Project by acquiring public improvements from the mall developers through proceeds of the 1992 Special Tax Bond issue. The City issued Refunding Special Tax Bonds in 1998 to refinance the 1992 issue. The debt service on the bond issue is paid from special tax assessments levied annually on the affected properties within CFD 91-1. The special taxes are collected on the annual property tax bills administered by Kings County. Principal is payable annually on September 1. Interest is payable semiannually on March 1 and September 1.

LOANS RECEIVABLEIntermodal Enterprise Fund

The Accumulated Capital Outlay Fund has loaned funds to the Intermodal Enterprise Fund to provide for acquisition and development of the Santa Fe Railway Station. It appears that it will take 36 years for the Intermodal Enterprise Fund to repay the loan without interest.

Term:	07/91 - 07/2027
Interest Rate:	0%
Original Issue:	\$864,482
Outstanding Principal: 7/1/2011	\$597,962
Estimated Debt Service FY: 2012-2013	-0-
Source of Funds:	Intermodal Enterprise Fund

Airport Enterprise Fund

The Accumulated Capital Outlay Fund loaned \$253,530.62 to the Airport Enterprise Fund in 1988 and 1989 for abatement of toxic soils in an airport drainage basin. An additional net \$171,938 was advanced from 1995 to 2004 as local matching funds for FAA grants. It appears that revenue generated from the airport will not support interest bearing debt. Under this premise and with debt service revenue of about \$10,000, it will take approximately 43 years to repay the loan.

Term:	07/96 - 07/2039
Interest Rate:	0%
Original Issue:	\$485,468
Outstanding Principal: 7/1/2011	\$405,468
Estimated Debt Service FY: 2012-2013	\$10,000
Source of Funds:	Airport Enterprise Fund

Courthouse Square Enterprise Fund

The Accumulated Capital Outlay Fund has loaned funds to the Courthouse Square Enterprise Fund to provide for acquisition and renovation of the courthouse Square Facility. It appears that it will take about 26 years for the Courthouse Square Enterprise Fund to repay the loan without interest.

Term:	07/04 - 07/2030
Interest Rate:	0%
Original Issue:	\$608,840
Outstanding Principal: 7/1/2011	\$589,840
Estimated Debt Service FY: 2012-2013	\$47,830
